**of Correction**

December 12, 2005

Sir:

Attached please find the "Notification of Return of Papers received last week for being unsigned. Please note that they were signed using the s-signature feature as described in 37 CFR 1.4(d)(2).

I am enclosing a sheet from the USPTO web site that shows examples of acceptable s-signatures. The signatures originally filed and the ones printed and re-sent today are all in accordance with the accepted practice.

The only difference I can see is the use of the abbreviation "No." and the # sign placed before my registration number. In any case, you should now have the forms necessary for processing the correction for the above cited patent.

Respectfully submitted,

/Lori M. Friedman Reg.# 35,143/
